INTERDEPARTMENTAL COMMUNICATION

To: Board of Selectmen

Date: December 2, 2005

From: Engineering Dept. C

Subject: Boston Edison Petition - UP #31/290A & UP 31/291

Main Street (Route 27) at Carlisle Road - Robbins Mill Estates

We have reviewed the petition from the Boston Edison Company and Verizon New England, Inc. for the purpose of obtaining a grant of location to install one new utility pole (UP 31/290A) and the relocation of one existing utility pole (UP #31/291) on Main Street at the intersection with Carlisle Road. This work is necessary to accommodate the intersection improvements that will be done by the developer of Robbins Mill Estates Subdivision. The developer (Pulte Homes) will be realigning the intersection of Carlisle Road at Main Street as part of their required work that was approved by the Acton Planning Board. Pulte Homes already made some minor temporary modifications to this intersection so that they could begin some of the proposed work such as the new sidewalk and the water main installation. Attached herewith is a copy of the approved intersection improvement plan from the Robbins Mill Estates Subdivision Plans.

Based on our field inspection, the proposed location for the new utility pole (UP 31/290A) appears to be about 12-13 feet from the existing overhead wires. This 12-13 foot separation seems problematic for attaching the existing wires to the new pole. The distance labeled on the plan (6.6 feet) between this pole (UP 31/290A) and the edge of pavement relates to the old pavement on Carlisle Road. Pulte Homes has repaved the road and relocated the edge of pavement in preparation for the future work at the intersection.

The relocated pole (UP 31/291) is shown to be about 5.6 feet from the existing of pavement for Main Street. We would recommend that the new pole location be <u>6.6</u> feet from the edge of the pavement to provide sufficient room for a potential future sidewalk on Main Street.

With this change we do not foresee any problems with granting this petition.

RE:

Main Street Acton, MA

W.O. #1469424

Dear Members of the Board:

The enclosed petition and plan is being presented by the Boston Edison Company and Verizon New England, Inc. for the purpose of obtaining a Grant of Location to install one (1) pole 31/290A and to relocate one (1) pole 31/291, Main Street, Acton.

This work is necessary to accommodate the widening of an entrance to a new subdivision (Robbins Mill Estates).

If you have any further questions, please contact Christine Cosby @ (508) 305-6989. Your prompt attention to this matter would be greatly appreciated.

PETITION OF BOSTON EDISON COMPANY AND OTHER COMPANIES FOR JOINT OR IDENTICAL LOCATIONS FOR POLES

To the Board of Selectmen of the Town of ACTON, Massachusetts:

Respectfully represent BOSTON EDISON COMPANY and VERIZON NEW ENGLAND, INC. companies subject to Chapter 166 of the General Laws (Ter. Ed.), that they desire to construct a line upon, along and across the public way or ways hereinafter specified.

WHEREFORE, your petitioners pray that after due notice and hearing as provided by law the Board of Salectmen may by Order grant your petitioners joint or identical locations for the erection or construction of poles, to be owned and used in common by them, and for such other fixtures including anchors and guys as may be necessary to sustain or protect the wires of the line, said poles to be located, substantially as shown on the plans made by P. Dion, dated November 7, 2005, and filed herewith, upon, along and across the following public way or ways of said Town:

Main Street -

Easterly side @ Carliele Road Two (2) poles (31/290A, 31/291) One (1) pole to be removed (31/291)

"Henring Required"

Also for permission to lay and maintain underground laterals, cables and wires in the above or intersecting public ways for the purpose of making connections with such poles and buildings as each of said petitioners may desire for distributing purposes. Your petitioners agree to reserve space for one crossatur at a suitable point upon each of said poles for the telephone, fire and police signal

wires owned by the Town and used for municipal purposes.
